The Impact Chain

A TOOL FOR TEAMS SHAPING AI PRODUCT STRATEGY

Product _____

Team _____

Date _____

1 THE JOB

What work does it take on, and for whom?

2 PROOF

How do we know it works on real data?

3 TRUST

Who catches it when it's wrong?

4 HABIT

Why would someone use it again tomorrow?

5 RETAINED VALUE

What gets better with every use?

6 THE NUMBER

Which tracked number moves first?

7 PAYOFF

What does the business gain, and when?

8 CONSUMPTION BAND

How much use matters? How much costs too much?

Too little to matter	**Use that pays**	Use that loses money

9 COST TO SERVE

What does one successful task cost?

10 PRICE

Seat, usage or outcome?

VALUE FLOWS FROM THE JOB TO THE PAYOFF →

THE BOTTOM ROW DECIDES WHETHER IT PAYS

Planning something new? Start at 6 and 7, then fill the rest.

Something stuck? Work 1 to 10. The first box you can't fill with evidence is the weak link.
